

RACE FOR TRACE 5K AND 1MI

SEPTEMBER 7, 2019 @ ROBERTS ELEMENTARY SCHOOL

Join us as we race against Adrenoleukodystrophy (ALD) and help support a local family fighting for their son!

Trace Thompson is 9 years old and like most boys his age he loves soccer, drawing, and traveling with his family. After almost two years of hospital visits, Trace was recently diagnosed with ALD, a rare genetic disorder that attacks and destroys the myelin coverings of the brain's neurons. ALD primarily affects boys ages 4-10 and progresses rapidly, stealing away cognitive, behavioral, and motor functions. There are only three hospitals in the world that specialize in treatment of this aggressive disease. Trace's best hope lies in Minnesota, where he and his family have traveled in hopes of saving his life with gene therapy.

We are Trace's family, friends, and classmates. It is our ultimate goal to support the Thompsons while they fight for Trace and find a cure for this terrible disease. North Point Christian Church has made it possible for us to host this race to help raise funds to cover the expense of travel, the financial stress of Trace's medical care, and time away from work. Help us gather as a community around this family and be #TOUGHASTRACE!
